

Morf Playbook™ Presents

Vendor Selection and Management for FDA Regulated Companies from Morf Media, USA.

NOW ON MOBILE DEVICES

It is vital to be secure in your software and hardware, especially considering FDA constraints and reviews. This course will supply insight into the “hidden” issues behind software buying and how to implement the best systems for your team.

WHAT YOU WILL LEARN

Created by business experts for CEOs, managers, database administrators and small business owners in pharmaceutical and biotech organizations, this course will show you the best methods of choosing quality and profitable software for all of your company processes.

This course clearly presents the context, the impact and best practices related to selecting exceptional vendors.

AREAS COVERED

- Why an upgrade is vital to company success
- Which team members should be part of the software selection process
- An overview of the assembly of selection requirements and the vendor selection process
- How to fit new software into established processes
- A complete primer on different regulatory requirements
- Best practices in managing consultants and vendors
- Insight into buying vs. building software

LEVEL

Basic & Intermediate

PERFECT CANDIDATES

- CEOs
- Regulatory, Quality and IT VPs
- Database and System Administrators
- Validation and Security Specialists
- Regulatory Affairs professionals
- Quality Managers
- Quality Engineers
- Small business owners
- GxP Personnel
- Consultants

Expert Vendor Selection and Management provides reliability, improves overall productivity, reduces software issues, and streamlines company processes.

Utilizing a risk-based approach, this course provides detailed information on how to choose the most effective software for the company, and how to identify and abide by any specialized regulations regarding that software.

Clear, step-by-step guidance helps ensure strategy for delivering high-quality products at a profit with consistent operation of all systems.

Provides skill-building and leadership training for regulated industry professionals with RAPS credit — available now on Mobile Devices.

Utilizes an easy, fast and engaging approach to learning using challenges, game theory and social feedback capabilities.
