

Morf Playbook™ Presents

Drug Discovery and Development for FDA Regulated Companies from Morf Media, USA.

NOW ON MOBILE DEVICES

Drug Discovery and Development processes are complex and require every participant to focus on his or her particular piece of the puzzle. It's normal to spend a lifetime in one part of the process and never comprehend the complete picture. But training each participant in every part of the drug discovery and development process is key to keeping a company healthy and profitable.

WHAT YOU WILL LEARN

This course will clear any ambiguity or misinterpretation in any area of the FDA regulations on drug processes and will equip you with the latest developments in compliance.

Expert training in drug discovery and development processes provides insight and improves interpersonal relationships.

Utilizing a risk-based approach, this course provides a comprehensive overview of the drug discovery and development process while taking into account FDA expectations and regulation.

Clear, step-by-step guidance helps ensure strategy for delivering high-quality products at a profit with consistent operation of all systems.

Provides skill-building and leadership training for regulated industry professionals with RAPS credit — available now on Mobile Devices.

Utilizes an easy, fast and engaging approach to learning using challenges, game theory and social feedback capabilities.

TRAINING FROM INDUSTRY EXPERTS

Ms. Angela Bazigos

Chief Compliance Officer and Head of Life Sciences and Healthcare at Morf Media, USA

Honored by Stanford Who's Who for contributions to the Life Sciences Industry, Ms. Bazigos has more than 40 years of experience working with pharma, biotech, medical device, food safety, and healthcare organizations around the world.
