

Morf Playbook™ Presents

European Data Protection Regulation for FDA Regulated Companies from Morf Media, USA.

NOW ON MOBILE DEVICES

Every day businesses, public authorities and individuals transfer vast amounts of personal data across borders within the European Union. Conflicting data protection rules in different countries can understandably disrupt international exchanges.

WHAT YOU WILL LEARN

This course will train US businesses on how best to address concerns and expectations from foreign companies regarding data transfer outside of EU member states.

This course provides you with complete training on company and individual rights, and provides an overview of the established EU rules that best ensure personal data has a high standard of protection when it is transferred across countries.

Expert training in data protection regulation provides safety, reduces compliance infractions and other negative circumstances, and streamlines work processes.

Utilizing a risk-based approach, this course provides insight into the rules and rights of data transfer within and outside of EU member states.

Clear, step-by-step guidance helps ensure strategy for delivering high-quality products at a profit with consistent operation of all systems.

Provides skill-building and leadership training for regulated industry professionals with RAPS credit — available now on Mobile Devices.

Utilizes an easy, fast and engaging approach to learning using challenges, game theory and social feedback capabilities.

AREAS COVERED

- A comprehensive overview of European Data Protection Regulation
- How the new regulation will likely change the level of security or protection of personal data across EU member states
- An introduction to the EU's Data Protection Directive, which foresees specific rules for the transfer of personal data outside the EU in order to ensure the best possible protection of exported data
- How US businesses will be impacted by new demands from individuals in the EU regarding use of their personal data

LEVEL

Basic & Fundamental
